

# WINE CABINETS

Precision Refrigeration wine cabinets protect your wine from light and vibration. Wine of all varieties can now be stored safely, and kept at its best.

The wine cabinets have been expertly designed to store wine bottles on wooden racks, created by our in-house team, to help wine mature naturally.

Manufactured in a high quality stainless steel finish, these wine cabinets allow customers to view the wine they are drinking in a visually appealing way. The wine will continue to mature until it is served, to give its fullest flavour and taste.
